The European Neolithic has often been figured in ideational terms. Though some very small scale excavations were carried out, we have scant evidence about the so-called Neolithic Revolution of this region. The predominant use of the Neolithic axes in the primitive agricultural system of Northeast India can be presumed as the site of Rangru Abri JAR in Garo hills yielded over stone tools and a large number of potsherds during a partial search of the cliff and the slopes. CambridgeArchaeologicalJournal102: These 3 locations in New South Wales: Regarding the problem of archaeological exploration, H.
