Dave Stevens' The Rocketeer was an instant hit the moment it hit the spinner rack in the early 80s. Stevens' lush and distinctive artwork and fun, action-driven story was inspired by the adventure pulp novels of the era The Rocketeer was set in.

Use of Your Information 4. Most of the stories in this book are pretty nice and seem to fit better within the general Rocketeer universe than those of the 2nd volume. Stevens' lush and distinctive artwork and fun, action-driven story was inspired by the adventure pulp novels of the era The Rocketeer was set in.

Really like this book and looking forward to the sequel! The Seven Deadly Sins. Stevens produced only two Rocketeer graphic novels – collected to much acclaim by IDW – and his life was tragically cut short when he succumbed to Hairy Cell Leukemia. What that boils down to are a series of fun seven or eight page pulp-style romps in the Rocketeer universe.

I think I really just want a modern take on this character with Mike Allred at the helm. Michael Hawkes rated it really liked it.
