The piece is thus a magnificent reconciliation of the venerable academic counterpoint of the sixteenth century with the burgeoning affective or pathetic style of the seventeenth. In a mechanical stop action, each stop control operates a valve for a whole rank of pipes. These are simple switches, like wall switches for room lights.

These are simple switches, like wall switches for room lights. For publication Sweelinck composed a great deal of vocal music, most of it secular and none of it meant for actual service use.
