While the tenor is virtually flawless, the cantus requires minor corrections, and the contratenor is corrupted in many places; also, all voices lack clefs. Share your thoughts with other customers.

This rubric corresponds to a certain section within the fundamental organisational structure of the communication system. The use of the two communication strategies metalinguistic remarks and self-translations successfully manage the 'preacher's dilemma' and support the efficient performance of the speech event. The fragments of the lute tablature must have been taken from a more substantial collection because, as stated above, the contents do not suggest they are adjacent folios and the lacunae between them can be estimated to have comprised at least several more pages. These instances are easy to spot in the tabular data for the trained eye, but I also
Banks has provided a range of tables in which he collects and
groups these settings according to different degrees of
proximity to or removal from their models.
