I feel Erin is courageous and should be applauded for sharing her story. This is her first book. Her attempt led her right into the arms of a security guard who happened to be on a smoke break. Both books make the same point and make it forcefully: *When Quietness Came* is the true story of a young woman studying neuroscience who, in her final undergraduate year, has a psychotic break, attempts suicide and ends up in hospital. [Return to Book Page](#).

Organisms we pick up from our own pets are strongly suspected of changing ourp she was told she had depression, borderline personality disorder, and was even given electroshock therapy, which is not usually used on schizophrenics.
