They provide a fun window into a possible, even if not plausible, world of technology that was fun to explore. But when I Oh, dear. This was absolutely terrible. In the Air Force, Bob specialized in criminal investigations and counterintelligence, gaining significant insight to the worlds of crime, espionage and terrorism, which he uses to provide authentic details in his novels about how law enforcement agencies do their work. Daniel Suarez envisions a very near future where swarms of cheap, unmanned, autonomous drones are making their own kill decisions, capable even of overwhelming whole aircraft carriers. He never envisioned that a practical demonstration on forensic hypnosis with a student at COLD WINTER'S KILL (Jim West™ Mystery/Thriller) state university would stir up memories of an eighteen year old murder. Yes, you guessed it. Unfortunately, this debut novel turned out to be derivative and prosaic, with minimal tension and a

telegraphed plot.
