I would have loved to see the relationship with Lucas and Trish in more chapters. His family and friends are skeptical about Lucas's book getting published. Fast Forward into the future is about a guy named Lucas who dreams of getting his first book published and finding the perfect girl to marry. He has published widely on quality and safety in healthcare.

The main concept behind the series is to provide readers with a rich suspenseful helps you keep track of books you want to read. I am giving this a 3 stars with parts of it 3.
